

Dear Families of grades K-6 Students,

In accordance with guidance from the Ohio Department of Education, students enrolled in the Norwalk City School District will have the option to attend school remotely during the 2020-2021 school year. This plan is for students who choose the fully remote mode of learning in lieu of physical attendance. A separate plan exists for school building closures related to COVID-19.

Grades K-6

- Remote Learning will be delivered by NCS D teachers using the approved Ohio Learning Standards. NCS D teachers will plan, deliver, and assess student work in a “synchronous” manner.
- Students will be expected to attend school virtually on a regular schedule. Attendance will be taken and enforced according to school policy.
- Grades will be assigned via Progressbook, and student grades and promotion will be determined by school policy.
- Families who commit to this remote option understand that they are responsible for ensuring their student(s) have a computer and internet connection.
- Teachers involved in remote instruction will be offered optional Professional Development opportunities in August as well as 1.5 days of required PD before the school year begins.
