TITLE I PROGRAMS

The Title I program is based on an annual assessment of educational needs. This assessment includes identification of educationally deprived children in the public and private schools in this District. Title I services are provided to all eligible, educationally deprived students in grades Kindergarten through grade eight.

The Board believes parental involvement is a vital part of the Title I program. Parental involvement shall include, but not be limited to, parental contribution to the design and implementation of programs under this title, participation by parents in school activities and programs, and training and materials which build parents' capacity to improve their children's learning in both the home and the school. To build a partnership between home and school, the District:

1. informs the parents of the program the reasons for their children's participation and the specific instructional objectives;
2. when applicable trains parents to work with their children to attain instructional objectives;
3. trains teachers and other staff involved in programs under this title to work effectively with the parents of participating students;
4. when applicable develops partnerships by consulting with parents regularly;
5. provides opportunities for parents to be involved in the design, operation and evaluation of the program and
6. provides opportunities for the full participation of parents who lack literacy skills or whose native language is not English.

Title I funds are used only to augment, not to replace, state and local funds. The Board uses such funds to provide educational services in schools receiving Title I assistance and funds are used to provide comparable services in all schools receiving Title I assistance.

During the 2020-2021 school year, Title I funds were used to pay for services at Maplehurst Elementary, Pleasant Elementary, League Elementary and Main Street school.

Norwalk City School District educational programs and activities are provided without regard to race, color, national origin, sex or handicap for all students. This policy of non-discrimination is in accordance with Title VI of Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973. The Compliance Coordinator for Title VI is the Superintendent, and the Compliance Coordinator for Title IX and Section 504 is Jennifer King, Director of Pupil Services.

| 31 | <p align="center">PARENTAL INVOLVEMENT IN EDUCATION</p> <p>The Board believes that parental involvement is an important part of the educational program. Current research indicates that a home-school partnership and greater involvement on the part of parents in the education of their children generally result in higher achievement scores, improved student behavior and reduced absenteeism. All parents and foster caregivers are encouraged to take an active role in the education of their children or foster children.</p> <p>The Board directs the administration to develop the necessary regulations to ensure that this policy is followed and that parent/guardian involvement is encouraged. The regulations are to:</p> <p>1. encourage strong home-school partnerships; 2. provide for consistent and effective communication between the parents/guardians and school officials; 3. offer parents/guardians ways to assist and encourage their children to do their best; 4. offer ways parents/guardians can support classroom learning activities and 5. provide opportunities for parents/guardians to be involved in the parental involvement program.</p> <p>In addition, building administrators/designees of schools receiving Title I funds will jointly develop with and distribute to parents of children participating in Title I programs a written parental involvement policy and guidelines. The requirements of the policy and guidelines are consistent with Federal and State law.</p> | | | | | <p>AUGUST</p> <table border="1"> <tr><td>S</td><td>M</td><td>T</td><td>W</td><td>T</td><td>F</td><td>S</td></tr> <tr><td></td><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td><td>6</td></tr> <tr><td>7</td><td>8</td><td>9</td><td>10</td><td>11</td><td>12</td><td>13</td></tr> <tr><td>14</td><td>15</td><td>16</td><td>17</td><td>18</td><td>19</td><td>20</td></tr> <tr><td>21</td><td>22</td><td>23</td><td>24</td><td>25</td><td>26</td><td>27</td></tr> <tr><td>28</td><td>29</td><td>30</td><td>31</td><td></td><td></td><td></td></tr> </table> | | S | M | T | W | T | F | S | | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 | 16 | 17 | 18 | 19 | 20 | 21 | 22 | 23 | 24 | 25 | 26 | 27 | 28 | 29 | 30 | 31 | | | |

The Norwalk City School District uses an automated calling system called "One Call Now" to notify parents about the school closings and delays. This system will also be used to communicate in the event of a school emergency. Parents are automatically entered into the system using the contact information provided at enrollment. Parents that have opted out of the service will not receive notifications. Please contact your student's school with any questions and to keep contact information current.

This year the Norwalk City School District will continue to partner with a coalition of schools and organizations to implement a Developmental Asset program in Huron County. The Search Institute in Minneapolis, Minnesota, has surveyed over two million youth across the United States and Canada. Researchers have learned about the experiences, attitudes, behaviors, and the number of developmental assets at work for these young people. As the result of this research, the Search Institute has identified 40 developmental assets. Their research indicates that there is a strong and consistent relationship between the number of assets present in young peoples' lives and the degree to which they develop in positive and healthful ways. Results show that the greater the number of developmental assets possessed by young people, the more positive and successful their development. The fewer the number of assets, the greater the possibility that young people will engage in risky behaviors. On the monthly calendar pages that follow, a different developmental asset category will be highlighted with suggestions on building that particular asset. Building assets in youth is everyone's responsibility. Make a difference - become as asset builder.

Norwalk Middle School: The Middle School has pipe-fitting insulation that contains asbestos. Pleasant Elementary School: Pleasant Elementary has asbestos on pipe insulation in parts of the building and under the kitchen. All other asbestos was removed in June 1990. League Elementary School: League Elementary had some pipe insulation removed in the boiler room in 2018. League Elementary has asbestos in the ceiling of the hallway off the gym and in the teachers' lounge, the health room and the hallway in between, as well as boiler and pipe insulation. The lower 18" of boiler insulation on boiler #2 was removed in June 1997. Maplehurst Elementary School: Maplehurst Elementary had some asbestos removed from the ceiling in the 200 wing restrooms in 2018. Maplehurst Elementary has asbestos in the ceiling of the 200 and 300 wings, boiler and pipe insulation.
