

Summer Camp Experience!

Where Activities & Engagement Can Plant The Seed For Future Interests & Careers

June 14-18, 2021

**REGISTER ONLINE BEGINNING THURSDAY, APRIL 29, 7:00 AM.
DON'T WAIT — CAMPS FILL QUICKLY!**

The EHOVE Career Center Board of Education is an equal opportunity employer offering employment without regard to race, color, national origin, ancestry, religion, sex, sexual orientation, gender, gender identity, age, disability, military status, genetic information, and any other legally protected category under all applicable laws, including, but not limited to, Title IX of the Education Amendments.

Summer Camp Experience!

EHOVE Summer Camps

AM Session: 8:30-11:30

PM Session: 12:15-3:15

Please Note: Students who register for two camps should bring a packed lunch to be eaten in The Center between sessions.

Please pick up children promptly from camp.

- Students entering grades 4 – 9
- Three-hour sessions run Monday – Friday
- May register for AM only, PM only, or both
- Online registration begins Thursday, April 29th, 7:00 AM at www.EHOVE.net
- \$60 fee per camp
- Campus map and classroom assignments will be emailed the week prior to camp (please check your spam folder if you do not receive the email)
- **Register early, camp sizes are limited**

COVID Protocols

Please do not send children to camp if they have any COVID symptoms. All students and staff must properly wear masks at all times unless actively eating or drinking. Please monitor your email. Enrollment for camps has been reduced to encourage social distancing.

Hurry, registration begins Thursday, April 29th, 7:00 AM

Go to www.EHOVE.net to register online and get up-to-date information on camp availability OR send the form on the back page (please print) with payment. No phone reservations. Payment is expected at time of registration and there will be no refunds after June 1, 2021.

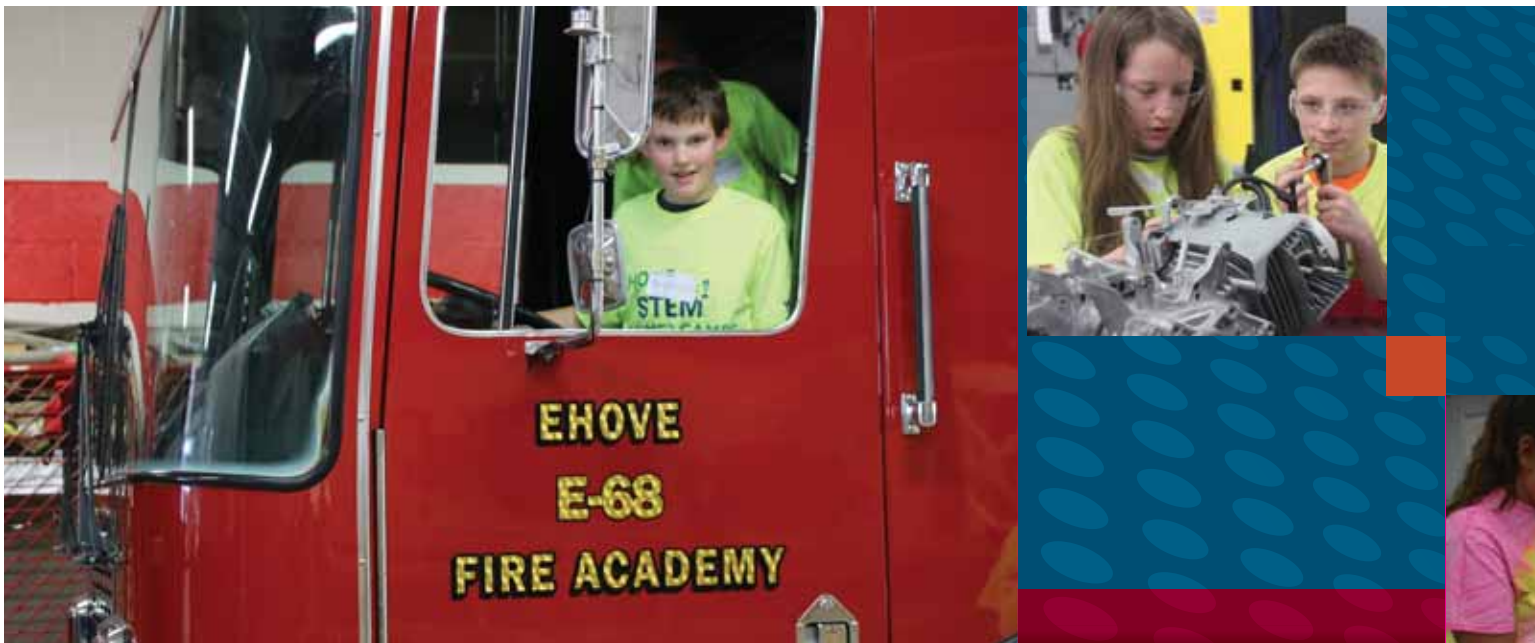

Register early! Camp size is limited.

Register online at
www.EHOVE.net

We've gone social, check us out!

AM Session: 8:30-11:30 • June 14-18, 2021

Please join us for one or more of these exciting,

Culinary Academy

Taught by Brad Kraft, Sandusky City Schools Food Service Director

#5010 Students Entering Grades 4 – 6

Our Culinary Academy will expand your cooking horizons, build math skills and self-esteem, promote teamwork, and even encourage you to cook for others! Have fun learning foundational culinary techniques, reading recipes and measuring ingredients while making delicious foods. Campers with long hair must tie it back, and everyone must wear closed-toe shoes.

Creative Science

Taught by Eva Bickley, EHOVE Science Instructor

#5015 Students Entering Grades 4 – 6

Did you know you can be creative and love science? We are going to combine scientific principles and creativity. Let your science power guide your imagination as we explore color, chemical reactions, magnetism and more!

EMT/Fire Boot Camp

Taught by Jeff Mason, EHOVE FF/EMT Instructor and Professional Firefighter

#5020 Students Entering Grades 4 – 6

Have FUN while experiencing real training that firefighters do every day. Your training will include fire extinguishers, rope rescue and many other skills required of firefighters. Navigating through the firefighter entanglement box will be part of the week. All activities will be supervised by a Professional Firefighter and his aides to ensure the safety of all participants.

Creating Your Best Self

Taught by Sandy Schuh, Prevention School Counselor, Bayshore Counseling Services

#5025 Students Entering Grades 4 – 6

Join us for a week filled with positive activities where you can discover your strengths and find ways to tackle challenges. This will include journaling, meditation & breathing, art & music, as well as group interaction, leadership activities, and more.

The Art of Automotive Painting

Taught by Duane Koch, EHOVE Collision & Refinishing Instructor

#5030 Students Entering Grades 4 – 7

Work in our Collision & Refinishing lab as you learn to use real painting equipment. You will start with the basics of base-coat, clear-coat painting, and then if you want to learn something really cool, like custom painting or stenciling flames onto metal, you will have that opportunity. There will be projects where you learn to pinstripe with vinyl and paint free-hand scrollwork, and you'll even get to paint a custom clock that you design yourself.

Fab Lab Camp

Taught by Paul Nabors, EHOVE Fab Lab Instructor

#5035 Students Entering Grades 4 – 9

Spend the week in the EHOVE Fab Lab! You will be using the laser cutter and vinyl cutter to create a number of projects and be introduced to 3D printing. You will learn how to use CorelDraw to create your project on the computer, then create it on the machines. Some of the projects that we will make are one-color stickers, laser-cut nameplates, name tags and many others!

fun-filled camps created especially for YOU!

Culinary Academy

Taught by Gloria Zapata, EHOVE Cafeteria Manager

#5040 Students Entering Grades 6 – 8

Our Culinary Academy will expand your cooking horizons, build math skills and self-esteem, promote teamwork, and even encourage you to cook for others! Have fun learning foundational culinary techniques, reading recipes and measuring ingredients while making delicious foods. Campers with long hair must tie it back, and everyone must wear closed-toe shoes.

Small Engines

Taught by Lee Carolus, EHOVE Adult Education Trades Instructor

#5045 Students Entering Grades 6 – 9

If you love engines/motors, you will enjoy learning about how they work. This camp will take an inside look at what makes an engine run. You will use tools of the trade in our Auto Tech lab to disassemble, inspect, identify and reassemble a small gas engine under the guidance of an EETC/ASE certified technician.

Cyber Warriors

Taught by Haley Crabtree, Terra State Computer Information Systems Instructor

#5050 Students Entering Grades 6 – 9

Learn about the important topic of cybersecurity from college instructors. During the camp, you will explore the basics of cybersecurity and tap into the minds of hackers and online pirates. This will include securing personal information, phishing, malware, viruses, and creating strong passwords. We will even play a fun simulation game called Packet Protector, which will allow you to build a computer network and secure your own network.

Dogs: Pets & Partners

Taught by Bonnie Albright, EHOVE Substitute Teacher and former Humane Society Marketing & Development Director

#5055 Students Entering Grades 7 – 9

Attention dog lovers! We will explore dog training, technology, grooming, nutrition, common issues, diseases and much more. There will be a variety of projects to make and take home for your dog including cooking and herbal care, and fun learning activities to help you understand and care for your dog. Discover working dog breeds and explore careers where you may be able to work with a dog partner. Special guests will include handlers and their working dogs.

Explorer Science Camp

Taught by Katie Fox, EHOVE Science Instructor

#5060 Students Entering Grades 7 - 9

Come explore science with us in an exciting summer camp that provides a variety of science experiences engaging in cool science experiments! During this 5-day expedition, you will engage in hands-on activities that will challenge you to explore various concepts of science. This is a hands-on summer camp that will keep you mentally engaged and excited every step of the way!

PM Session: 12:15-3:15 • June 14-18, 2021
