June 2, 2021

Norwalk City School District is excited to announce that starting with the 2021-2022 school year, we have partnered with FinalForms, an online forms and data management service that will be replacing paper forms for all students in grades K-12. FinalForms allows you to complete and sign enrollment, back-to-school, and athletic participation forms for your students. The most exciting news is that FinalForms saves data from season-to-season and year-to-year, meaning that you never need to enter the same information twice. FinalForms also pre-populates information whenever possible, for each of your students, saving you time.

At the beginning of each school year, you will be required to simply verify that the information in FinalForms is current and electronically sign all forms. Throughout the school year, if you need to update your child's information, you will be able to do so. You may review your data at any time to verify it is current.

The system is live and most forms are available for completion at this time; however, you will need to log on at the beginning of August to complete the acknowledgement of the student handbook once it is finalized and approved by our Board of Education.

FinalForms will be the new, time saving way to complete all required paperwork. This also means that we will need to communicate with you through FinalForms. Therefore, if you have not received an email as of **Friday, June 4**, we do not have a current email address on file for you. Please contact the building your child attends to help get your information set up.

If you do not currently have access to a computer or smart phone, please contact the building your child attends to set up an appointment to use a school computer to complete your child's forms.

For more instructions on how to set up your account and complete the forms, please go to www.norwalktruckers.net/FinalForms.
